

How do I schedule an appointment for an On-Site Screening Event?

1. Login to the Portal at www.KansasHealthQuest.com.
2. Click on "Your Resources" at the top menu, then hover on "Biometric Screenings," and click on "Onsite Screenings" as shown below.

The screenshot shows a web browser window with the URL <https://kansashealthq...>. The browser's address bar and tabs are visible at the top. The website header includes the Kansas Department of Health and Environment logo and the text "HealthQuest". A navigation bar contains "Your Resources", "Library", and "Tools". The "Your Resources" dropdown menu is open, displaying a list of options: Rewards Program, Biometric Screenings, Health Assessment Questionnaire, Health Advisor, Tobacco Declaration, Tobacco Cessation, Self-Report Forms, Condition Mgmt, Lifestyle Coaching, Virtual Coaching, Challenges, Seminars, Conversations, and Kansas Financial Learning Center. The "Biometric Screenings" option is highlighted, and a sub-menu is visible to its right, containing "Onsite Screenings", "At-Home Screening Kits", and "Physician's Results". The "Onsite Screenings" option is the one being targeted. The background of the website features a large banner with the text "Where does stress live internally?" and a section titled "Track Your Progress" with a line graph icon. The bottom of the screen shows a Windows taskbar with various application icons.

3. You will then see, and can click on “Make an Appointment” which is highlighted in yellow.

Take control of your health by scheduling a free screening!

Knowing cholesterol or blood glucose values can help you identify serious risks and manage or prevent health problems before they occur. HealthQuest has partnered with Impact Health to offer free biometric screenings for eligible members in multiple locations statewide.

1 What health screening information will be provided?

- Total cholesterol, HDL, LDL and total cholesterol to HDL ratio
- Triglycerides and glucose
- Systolic and diastolic blood pressure
- Height, weight and body mass index (BMI)
- Waist circumference

2 When do the screenings occur and where are they located?

For a listing of all the onsite health screening events, please visit
